ABOUT US

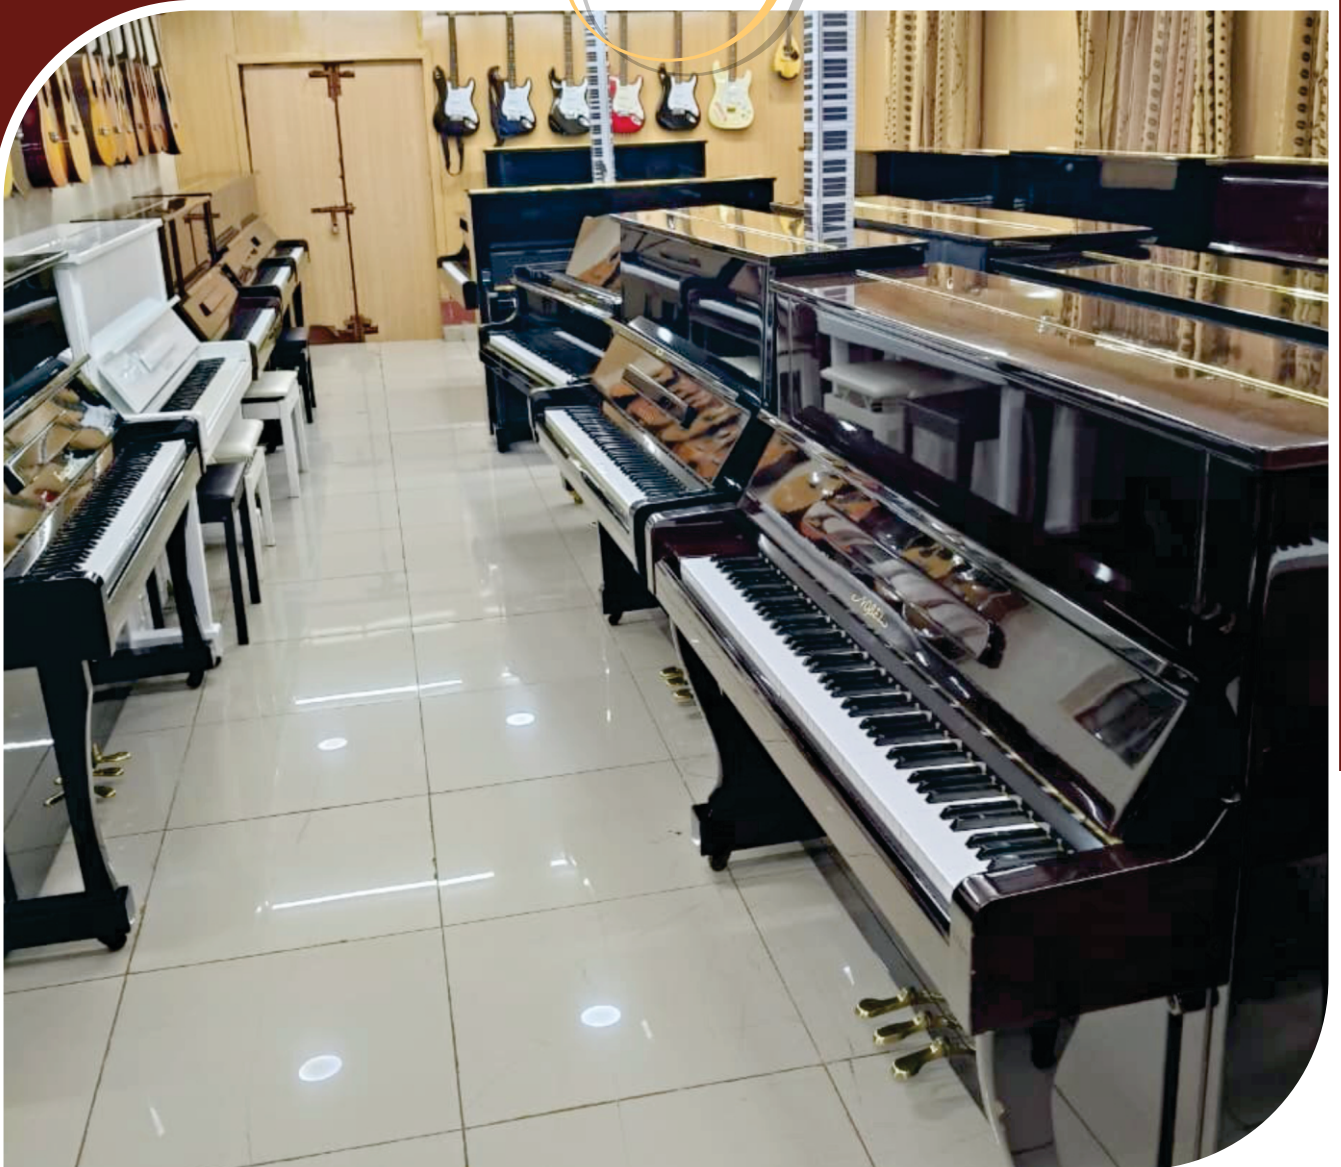

For over three decades, **Nairobi Piano Technicians** has been your trusted partner in everything piano - from sales, tuning, and regulation to restoration and repairs. We take pride in blending traditional craftsmanship with modern expertise to ensure your piano performs at its very best.

Our highly skilled technicians handle each instrument with precision, care, and a deep understanding of its unique character. Beyond pianos, we also offer professional repairs for all musical instruments, ensuring that every note you play resonates beautifully.

Whether it's maintaining the delicate balance of a grand piano or bringing life back to a vintage upright, we approach every job with dedication, passion, and the highest standards of excellence.

UPRIGHT *Pianos*

*U*pright pianos are vertical acoustic instruments that produce rich, resonant tones through strings and hammers housed in a compact, space-saving design. Favored for their balance of sound quality and practicality, they offer the expressive touch and dynamic range of a grand piano while fitting comfortably in homes, schools, and studios.

Their vertical frame allows for a deep, full sound despite their smaller footprint, and their timeless craftsmanship makes them both a musical tool and a decorative centerpiece.

Durable and versatile, upright pianos remain a popular choice for pianists of all levels seeking authentic acoustic performance.

YAMAHA U2

The Yamaha U2 is a professional-grade upright piano from Yamaha's acclaimed U-series. At 127 cm tall, it delivers a powerful, resonant tone with a well-balanced touch and precise, responsive action—hallmarks of the U-series reputation for quality and reliability.

Its larger cabinet and longer strings give the U2 greater depth and warmth in the bass, with clear, singing treble tones—making it an excellent choice for advancing students, teachers, or performance spaces where a grand piano may not be practical.

Finished in classic high-gloss black, the U2 combines timeless aesthetics with exceptional musical performance. Built to withstand years of consistent use, it remains one of the most trusted upright pianos in schools, studios, and homes around the world.

WHAT WE DO

- **PIANO TUNING:**

A well-tuned piano is the heartbeat of great music.

At Nairobi Piano Technicians, we use precise tuning techniques to bring out the true harmony and tone of your instrument. Whether your piano is slightly out of tune or hasn't been serviced for years, our experts carefully adjust every string to ensure perfect pitch and resonance. Regular tuning not only enhances sound quality but also extends the life of your piano.

- **PIANO REGULATION:**

Over time, even the finest pianos can lose their touch and responsiveness.

Our regulation service restores the intricate mechanical action of your piano — ensuring every key feels consistent, balanced, and responsive under your fingers. We adjust the keyboard, hammers, dampers, and pedals to bring back the smooth, dynamic control that every pianist deserves.

- **PIANO RESTORATION:**

Restoration is where craftsmanship meets artistry.

We specialize in bringing old and neglected pianos back to life — preserving their beauty, tone, and character. From refinishing the cabinet and replacing worn strings to reconditioning the soundboard and action, our restoration experts combine traditional methods with modern precision to revive instruments for generations to come.

- **PIANO REPAIRS:**

When your piano needs attention, we're here to help.

Our repair services cover everything from fixing sticky keys and broken pedals to replacing strings, felts, and hammers. We treat every instrument as if it were our own, ensuring that every repair restores functionality, sound, and reliability. Whether it's a minor adjustment or a full rebuild, we handle each task with care and expertise.

- **PIANO MOVING:**

We professionally move your piano to your preferred destination upon purchase.

- **CONSULTANCY:**

Upon the purchase of your piano or any other musical instruments, repairs, reports for the piano, valuation of the piano, setting of music centre, etc.

- **REPAIR OF ALL OTHER MUSICAL INSTRUMENTS:**

Guitars, keyboards, saxophones, clarinets, flutes, trombones and all musical instruments.
